## PRESS RELEASE

# Eramet — Loïse Tamalgo appointed General Delegate in Gabon

Loïse Tamalgo has been appointed Eramet's General Delegate in Gabon, effective July 12, 2021. Based in Libreville, he will report to Kleber Silva, Deputy CEO in charge of the Mining and Metals Division, and to Virginie de Chasse, Executive Senior Vice-President of Sustainability & Corporate Engagement. He takes over from Gaëtan Halna du Fretay.

Loïse Tamalgo has some 20 years' experience in guiding socio-economic development projects and managing partnerships and community relations programs on the African continent.

Eramet's new General Delegate in Gabon will be responsible for supporting the development of the activities of the Group's two subsidiaries, Comilog and Setrag, under the terms of the partnership between Eramet and the Gabonese government, which was further strengthened in 2020 by the creation of two CSR funds to finance new programs for the benefit of the country's citizens. He will represent the Eramet group in Gabon and will actively work to maintain close relations with the country's authorities, government departments, NGOs and international missions.

*Loïse Tamalgo is initially from Burkina Faso. He holds a master's degree (Languages Applied to Business and Tourism) and an MBA in Business Strategy. He has spent most of his career with Huawei Northern Africa Region, holding positions such as Key Account Manager for mobile operators and governments and Country General Manager for Huawei Burkina Faso (eight years), before becoming Vice President of Sales for Huawei Côte d'Ivoire Representative Office, which covers five countries (Côte d'Ivoire, Togo, Benin, Burkina and Guinea). In 2020, he was promoted Vice-President of Public Affairs for sub-Saharan Africa in Huawei Northern Africa Regional Office based in Casablanca, in charge of 22 countries, including Gabon. In this capacity, he was responsible for developing Huawei's visibility and presence in the region, defining and implementing the company's public relations, communications and CSR strategy and developing key partnerships.*

## ABOUT ERAMET

Eramet transforms the Earth's mineral resources to provide sustainable and responsible solutions that meet the growth needs of industry and the challenges of the energy transition.

Its 13,000 employees are committed to this civic- and socially-minded approach in all the countries where the mining and metallurgical group operates.

Manganese, nickel, mineral sands, lithium, and cobalt: Eramet recovers and develops metals that are essential to the building of a more sustainable world.

As a trusted partner of its industrial clients, the Group contributes to construction of robust and resilient infrastructure and buildings, more efficient means of mobility, safer medical tools and more efficient telecommunications devices.

Fully committed to a new era of metals, Eramet's ambition is to become a reference for the responsible transformation of the Earth's mineral resources for living well together.
